PARTHIV ABHANI

AI Automation & Full-Stack Development

Nagpur, Maharashtra | +91-7447458621 | parthiv.abhani@gmail.com | LinkedIn | GitHub

Final-year Computer Science undergraduate (AI & ML specialization) with hands-on experience building full-stack and AI-integrated applications. Co-author of a published IEEE paper on adaptive microlearning and named inventor on a filed patent application. Comfortable working across React front ends, Node/Express back ends, AI workflow automation with LLM APIs. Quick to pick up unfamiliar tools to ship working prototypes.

TECHNICAL SKILLS

Languages: C, Python, R, SQL, JavaScript, JSON, Java (basic)
Frontend: React.js / Next.js, HTML/CSS, Tailwind CSS
Backend & Data: Node.js, Express.js, MongoDB (with Atlas), Supabase
AI & Automation: LLM / API integration, prompt engineering, RAG, n8n / Zapier / Make, WhatsApp + Meta and Google Cloud APIs
Tools & Platforms: Git, GitHub, Docker, Postman, Vercel, Render, Railway, PowerBI

EXPERIENCE

Independent Project - Evolve AI Studio (freelance (self-directed), MSME registered) *Mar 2026 - Present*

- Designed and built AI-driven workflow automation demos (n8n, LLM APIs, WhatsApp Cloud API) targeting common business pain points.
- Ran discovery conversations with local business owners to validate use cases and gather feedback on prototypes.

Software Development Intern - Planitt Solutions Pvt. Ltd. *May 2026 - Jun 2026*

- Built Auto Mailer Pro, an AI-assisted email campaign platform, using TanStack Start, Express, and Supabase.
- Implemented a multi-tenant role-based access control (RBAC) system with per-tenant dashboards.
- Integrated the Groq API for automated lead segmentation and built a secure SMTP delivery engine using AES-256-CBC encryption.

Web Development Intern - Mequen Medisystem LLP *May 2025 - Jun 2025*

- Designed and built a responsive company landing page using React.js, Tailwind CSS, and Vite, covering UI/UX, implementation, and testing.
- Delivered a production-ready healthcare-sector web presence as a solo contributor within the internship timeline.

Content Writing Intern - TheQna.Org *Dec 2022 - Feb 2023*

- Researched, drafted, and provided high-quality articles, reviews, and guides tailored for a global digital audience.
- Applied on-page SEO practices including keyword research, meta descriptions and internal linking to increase organic search traffic.

PROJECTS

MoneyMind AI: SME Financial Risk Dashboard *React.js · Recharts · Python (ML)* | MoneyMind AI Deployment

- Built a financial intelligence dashboard for SMEs with 30/60/90-day cash-flow forecasting and expense classification to assist in risk detection and support business decisions.

Multilingual WhatsApp Clinic Assistant *Self-hosted n8n · Meta & Google Cloud APIs* | Evolve's n8n Deployment

- Built a multilingual WhatsApp assistant that handles clinic enquiries with session memory, with appointment confirmation and reminders.
- Automated 5+ connected data and communication workflows end-to-end using n8n.

KnowBit: Microlearning Platform (Patent Filed, 2026) *React.js · Node.js · jsPDF* | KnowBit Platform Deployment

- Built a platform that converts any topic into a structured 5-day mini-course with resource curation, recommendations and PDF export.

Document Intake Assistant *Next.js · TypeScript · Zod* | Document Intake Assistant Deployment

- Turns LLM conversations into validated structured data and PDF, with contradiction detection, multi-provider fallback and 138 tests.

EDUCATION

B.Tech (Honors), Computer Science & Engineering, Symbiosis Institute of Technology, Nagpur *Jul 2023 - Aug 2027*
Specialization: Artificial Intelligence & Machine Learning | ***CGPA: 8.54***

Senior Secondary (XII), Centre Point School, Nagpur *80.20%*

Secondary (X), Billabong High International School, Mumbai *86.20%*

ACHIEVEMENTS, PUBLICATIONS & CERTIFICATIONS

- **IEEE Publication (ESIC 2026, IEEE Xplore):** Co-author, "An Automated and Personalized Microlearning for Adaptive Self-Learning Environments Using Gemini-AI and NLP." IEEE Xplore Publication
- **Indian Patent Application:** Named inventor on a filed patent application for the KnowBit Platform (**Application Number:** 202621010558 A)
- **Merit Scholarship Recipient (Semester 5):** Ranked in the top 2% of the cohort for outstanding academic performance.
- 1st Place, Swalambh 2.0 Hackathon, SVPCET Nagpur (24-hour national hackathon, 80+ teams, ₹50,000 prize).
- 3rd Place, The Sandbox Hackathon, GHRCEM Nagpur (8-hour hackathon, 35+ teams).
- **Certifications:** ServiceNow CSA, ServiceNow CAD, Red Hat Network Automation + System Administration (DO457, RH124).

LEADERSHIP & POSITIONS OF RESPONSIBILITY

- **Co-Coordinator | Data Cyclone Club | July 2025 - April 2026:** Led SITNovate 2.0, a national 24-hour hackathon, overseeing operations and securing sponsorships while also co-organizing AI/data science events and managing logistics for over 100 students throughout.
- **Secretary | Computer Society of India (CSI) Student Chapter | Aug 2024 - May 2025:** Handled day-to-day operations, technical events, documentation, reporting and student chapter logs. Also served as the session chair volunteer during the ICSIT Conference 1.0, 2025.
- **Class Representative (CR) | Batch 2023 – 2027 | AY 24–25, 26–27:** Streamlined academic updates, concerns, and class coordination.
